

AIGA

## Why I should attend the Y

Dear \_\_\_\_\_,

I'd like to attend the AIGA Y Conference, from **March 8 to March 9, 2019** in San Diego. The Y Conference is a national-caliber design symposium hosted by AIGA San Diego. It brings together industry thinkers, innovators and change-makers for two days of creativity and collaboration.

Here's why I believe it's important to attend and how it will make a positive impact on our organization:

- I'll learn from the experts. Legendary speakers in the design industry bring their expertise as established and experienced leaders. Up-and-coming talent speaks to new and progressive ideas. I'll learn from real-world case studies of success and best design practices that directly relate to our projects.
- I'll gain new important skills that I will need tomorrow, whether it's creative applications of new technology or practical ways to work smarter that are directly related to the job I do.
- I'll be inspired to produce better work. I'll be exposed to fresh ways of thinking about our projects and see some of the most creative, forward-thinking work out there.
- I'll work more effectively and efficiently. I'll get hands-on lessons in intimate break-out workshops to learn new tools and techniques—saving time and money, and enhancing my value to our team.
- I'll learn from my colleagues. Y Conference attendees are local, national and international. I'll be able to interact with fellow designers to exchange ideas and bring back ideas to solve the challenges our organization faces.

I am confident you will see this as a worthwhile investment. It's the one local conference where I can get current with industry trends and new technology, take away practical knowledge, be exposed to amazing innovations, and inspire my creative growth.

You can learn more about the AIGA Y Conference at <https://sandiego.aiga.org/programs/y-conference/>.

Thank you for considering my request.
